E' stato affrontato un lavoro specifico sull'impostazione e riflessione sul metodo di studio attraverso lavori guidati con strumenti quali la versione digitale del libro, dizionari online (wordreference e Cambridge dictionary) esaminati nelle diverse sezioni (pronunciation, definition, synonyms, opposites, collocations, phrases). I materiale forniti dai testi in adozione sono stati completati da schede grammaticali ad hoc prodotte dall'insegnante e condivise con la classe.

Sono state affrontate esercitazioni di comprensione scritta/reading e attività di speaking simili a quelle richieste per l'esame di certificazione B1 al fine di allenare le competenze coinvolte in questa tipologia di esercizi.

Nel trimestre è stato svolto un modulo di tre lezioni grazie alla compresenza di una seconda insegnante in cui i ragazzi, divisi in gruppi eterogenei al loro interno, hanno lavorato sulla visione, analisi lessicale attraverso definizioni, sinonimi e contrari, comprensione, semplificazione e riscrittura di testi da video dalla piattaforma di Ted-ed della serie "A day in the life of " che sono stati oggetto di valutazione orale:
